BEA Partners

Companies throughout Sonoma County are going beyond compliance in their environmental practices while enhancing their financial performance. The BEA is looking to create a network to allow businesses to share these successful techniques and ideas.

By becoming a partner your company will be an intricate part of this network. In addition, your business will gain direct access to the BEA and its resources. The BEA is committed to working one-on-one with your businesses to incorporate and enhance voluntary environmental practices.

The BEA will assist your business to:

1. Pursue voluntary practices that help prevent pollution and waste.
2. Conserve energy, water and other natural resources.
3. Engage employees to promote voluntary environmental practices.

To become a BEA Partner, take the following pledge:

My business is committed to being environmentally responsible beyond compliance and will incorporate economically sound environmental practices.

Visit our Web Site:
www.sonomabea.org

Benefits of becoming a BEA partner:

Public recognition:

- Regional newspapers
- BEA publications
- Best Practices Survey & Report
- BEA website
- Promotion at BEA-involved events, trade shows, and speaking engagements
- Annual Resource Forecast Breakfast

Increase Efficiency

- Reduce operating costs
- Competitive edge with environmentally conscious consumers
- A free comprehensive assessment of energy and water consumption

Resources

- Partners will be informed of new rebates and technologies

Additional Public Relations and Marketing tool for you!

- Beyond receiving recognition as a Partner, the BEA will broadly promote the environmentally responsible efforts of its Partners to Sonoma County.

Become an Official
BEA Partner today!

BEA Partners Program

If your business is interested in becoming a BEA Partner, sign the following pledge and return it to the Business Environmental Alliance!

My business is committed to being environmentally responsible beyond compliance and will incorporate economically sound environmental practices.
